3PV – Third Party Verification, Inc. in Deal to Triple Corporate Headquarters

Space Needed to Accommodate Continuing Growth

Altamonte Springs, Florida, February 10, 2004 — 3PV – Third Party Verification, the leader in speech enabled verification solutions, has signed a letter of intent to lease an additional 13,420 square feet of office space adjacent to its current Altamonte Springs headquarters. With an expected move in date of March 1st, the deal will triple the size of the company's headquarters.

The additional space was needed to accommodate 3PV's growth, which has surpassed company forecasts. "This is yet another indicator of the success," said David Brinkman, 3PV's Chief Operating Officer. "Thanks to our hard-working employees and proven business strategies, we are forecasting significant growth to continue through 2004. We were able to take advantage of softness in the Florida real estate market to lease space adjacent to our current headquarters, at extremely favorable rates. It made sense for us to acquire the additional capacity now."

3PV also plans to invest in its telecommunications systems to increase customer response time and offer customers more choices for accessing their verification data.

3PV – Third Party Verification, Inc.

Founded in 1999, 3PV provides innovative third party verification (TPV) solutions using natural language speech recognition verification. 3PV blends advanced automated services with traditional live agent functions, resulting in completion rates that average over 98%. The company offers a full range of verification solutions, including agent assisted, e-commerce, call recording, and voice print verification solutions.

All 3PV verification solutions meet or exceed FCC, FTC and state requirements for carrier, utility and commercial services. 3PV's state-of-the-art carrier-grade facility ensures service uptime, security and reliability. Visit www.3PV.com for more information.
