3PV[®] Ranked 8th Among Top 100 Companies for Working Families
Orlando Sentinel Honors Firm for Outstanding Benefits, Work Environment

Orlando, Fla. (August 5, 2007) -- 3PV[®] – Third Party Verification Inc., a leader in complete verification solutions, has been named 8th on the Orlando Sentinel's 2008 list of Top 100 Companies for Working Families in the category of firms with fewer than 249 employees. The award honors employers who provide outstanding benefits, work environment, communication, and training for their employees.

To be chosen for the 15th annual Top 100 list, companies had to meet a strict set of guidelines determined by a panel of judges consisting of leaders in the human resources field. Some of the criteria judges reviewed for selecting honorees for the list included: health and life insurance, flexible spending accounts, 401K accounts, childcare, maternity/paternity leave, elder care programs, flextime, employee rewards, internal communications vehicles such as newsletters and Intranets, tuition reimbursement, and training programs. Previous winners have included some of the leading employers in Central Florida.

The award marks the second time 3PV has been named to the list; the firm ranked 17th on last year's list. The company employs 80 full- and part-time employees in its 13,450-square-foot headquarters and call center in Altamonte Springs, Fla.

“Being ranked 8th on the Top 100 list of companies affirms our commitment to the cornerstones of our business – insight, imagination and innovation,” said David Brinkman, 3PV’s chief executive officer. “Delivering these hallmarks of our leading-edge information technology means hiring smart people, giving them the tools to do their jobs, supporting them with strong benefits, and inspiring them with an open and flexible work environment. We’re delighted to have our efforts honored by a top 100 ranking two years in a row.”

About 3PV® – Third Party Verification, Inc.

3PV is a cutting-edge information technology company that specializes in creating one-of-a-kind break-through solutions for complex business challenges. The company is widely respected as the leader in speech-enabled, live-agent and online third party verification (TPV) and call-recording services for the cable and telephony industries, including both circuit switch and VoIP customers. The company is the first to employ speech-enabled verification, an integrated call-back solution, a full-time regulatory compliance officer and a patent-pending eLOA™ (electronic letter of agency). With documented industry-leading verification completion rates higher than 95%, all 3PV verification solutions meet or exceed FCC, FTC and state requirements for carrier, utility and commercial services. 3PV’s state-of-the-art carrier-grade facility ensures service uptime, security and reliability.

The company spun off its sister company *AssureSign* LLC in April 2008 to introduce electronic signature technology after 3PV saw clear market demand for its *AssureSign* services. 3PV began pioneering electronic signature technology in early 2004 and has completed nearly 1 million e-signatures in the last two years.
