3PV[®] Ranked 5th Among Top 100 Companies for Working Families
Orlando Sentinel Honors Firm for Outstanding Benefits, Work Environment

Orlando, Fla. (August 10, 2009) -- 3PV[®] – Third Party Verification, Inc., a leader in third party verification services, along with sister company AssureSign LLC, has been named 5th on the Orlando Sentinel's 2009 list of Top 100 Companies for Working Families in the category of firms with fewer than 249 employees. The award honors employers who provide outstanding benefits, work environment, communication and training for their employees.

To be chosen for the 16th annual Top 100 list, companies had to meet a strict set of guidelines determined by a panel of judges consisting of leaders in the human resources field. Some of the criteria judges reviewed for selecting honorees included: health and life insurance, flexible spending accounts, 401k accounts, childcare, maternity/paternity leave, elder care programs, flextime, employee rewards, internal communications vehicles such as newsletters and Intranets, tuition reimbursement and training programs. Previous winners have included some of the leading employers in Central Florida.

The award marks the third time 3PV has been named to the list; the firm ranked 8th on last year's list. The companies employ 80 full- and part-time employees in their 13,450-square-foot headquarters and call center in Altamonte Springs, Fla.

"Being ranked 5th on the Top 100 list of companies affirms our commitment to leading-edge information technology, which means hiring smart people, giving them the tools to do their jobs, supporting them with strong benefits, and inspiring them with an open and flexible work environment," said David Brinkman, 3PV's chief executive officer. "In these economic times, when many employers are reducing their workforce, we feel that it is important to assure our employees that they are a valued part of our organization. We are delighted to have our efforts honored by a Top 100 ranking for the third consecutive year."
